

In Ontario Canada we are in Lockdown again and we are all stuck inside! So Jenn thought... how about we all get together online (even if you are not from that area) and receive some comforting messages.

Connect virtual style with Jenn while she connects to those who you love in spirit (your mom, dad, sister, brother, cousin etc.) and see what they have to say! Plus, some cozy and well-needed healing too!

Her last 3 group events sold out!

\$50 each (Customer Appreciation Rate)

Zoom meeting info will be sent after payment is sent via etransfer to divinelylit@gmail.com or on her website www.thisisjenn.ca (PayPal link).

Allow Jenn to connect to spirit to channel, guide, heal, comfort and align you to your best life.

Group Spirit Reading sessions are done by Jenn linking in with the spirit world which allows her to channel direct positive and loving messages that they have for you.

Their messages will bring a sense of calm and a will leave you feeling a little lighter through a direct connection with source.

Each Spirit Reading is different and is unique to each person who is sitting with Jennifer due to the fact that she allows spirit to translate to her what is to be said.

Jennifer connects authentically with your loved ones on the other side.

Jenn can also tune into the group's unique field of energy to transform way of thinking and align to the tools for living your best life. With her enhanced gifts as a medium and her extensive knowledge of how our own thoughts, patterns and perceptions all produce the outcome of our lives, with spirits guidance she may bring forth the keys that are holding you back and tools for transformation!
